

BGC STRATUMTM ERA

An alternative to traditional weatherboards, StratumTM Era is a 295mm wide plank with 2 horizontal features, 1 at the top and 1 in the centre.

APPLICATION

Exterior cladding.

AUSTRALIAN STANDARDS

Manufactured to conform to the requirements of AS2908.2 Cellulose-Cement Products and are classified as Type A Category 3 for external use.

Tested in accordance to AS1530.3.

PROFILES

/ StratumTM Era – 295mm wide plank.

INSTALLATION

When using screws to fasten StratumTM Era, pre countersinking is suggested so that the fastener is 2mm under the plank surface for filling with epoxy filler and BGC Exterior Finishing Compounds.

BGC StratumTM Era is designed to be installed horizontally to both timber and lightweight steel frames.

BGC StratumTM Era can be installed both on stud and off stud. Refer to the BGC StratumTM Era brochure for various joining methods.

Refer to the BGC StratumTM Era brochure for complete installation instructions – www.bgcinnovadesign.com.au
